

## **Parent & Family Portal**

### **Interim Grades: Using the Parent & Family Portal to Monitor Grades**

Parents/Guardians and students can view current grades at any time in the Parent & Family Portal. The steppers linked below will help families in accessing this real-time grade information for their students.

[K8 Campus Parent Stepper](#) - p. 16

[MS/HS Campus Parent Stepper](#) - p. 17

Parents/Guardians who do not yet have a Parent & Family Portal can register for one by visiting the Office of Family and Community Engagement's Parent & Family Portal website, [linked here](#). Here, you will find a [stepper](#) and a [brief video](#) that provides instructions on how to register, as well as other resources.

If parents/guardians do not have a Parent & Family Portal they can still review their students' grades by logging in with their student and following this stepper to review grades.
